

SCHEDULE

ALFA hall

8.05–8.30

OPENING OF THE FORUM

GreenTech Vilnius forum opening speech

EDUARDAS EIGIRDAS

Welcome speech for the forum participants INGRIDA ŠIMONYTĖ

Welcome speech for the forum participants VIRGINIJUS SINKEVIČIUS

Welcome speech for the forum participants VILIUS BERNATONIS

8.30–9.50

SESSION ON GLOBAL TRENDS

Why are we going to invest €1.5 billion in renewable energy in Lithuania?

KNUD ERIK ANDERSEN

How will the green future be financed and what is the European Investment Bank's potential to do that?

MARCO FRANCINI

The inconvenient truth: will your business still be relevant in 2030?

VYTENIS KORYZNA

Building a green future: Opportunities for Lithuania and Taiwan to build It together

ERIC HUANG

9.50–10.05 COFFEE BREAK

10.05–12.30

FUTURE OF THE GREEN ENERGY NETWORK

The most important goals for Lithuanian energy policy in 2022

DAINIUS KREIVYS

Evolution of the Lithuanian energy network towards independence and a breakthrough in renewable energy

ROKAS MASIULIS

Possibilities for energy storage equipment system for RES development in Lithuania

RIMVYDAS ŠTILINIS

Hydrogen: a waking economic power that will change business and the world

VIDMANTAS JANULEVIČIUS

Discussion between political and business leaders

Developing a green energy network: new opportunities for business and lower energy prices for society

Participants DAINIUS KREIVYS,

ROKAS MASIULIS, VYTENIS KORYZNA,

VIDMANTAS JANULEVIČIUS,

DARIUS MAIKŠTĖNAS

Moderated by VILIUS BERNATONIS

12.30–13.30 LUNCH BREAK

13.30–15.45

RENEWABLE ENERGY DEVELOPMENT POLICY AND POTENTIAL

The country's green transformation is a billion-dollar opportunity

SIMONAS GENTVILAS

What factors will increase the potential for renewable energy development in 2022?

MARTYNAS NAGEVIČIUS

Network challenges in the face of green energy development

MINDAUGAS KEIZERIS

Special presentation

Potential of offshore wind energy development in the region and Lithuania and possible influence on the market

Discussion between political and business leaders

The potential and biggest challenges of renewable energy development in Lithuania

Participants DAIVA

GARBALIAUSKAITĖ, MARTYNAS

NAGEVIČIUS, MINDAUGAS

KEIZERIS, RUSLANAS SKLEPOVIČ

Moderated by PAULIUS ZAPOLSKIS

15.45–16.00 COFFEE BREAK

16.00–17.20

FINANCING THE GREEN ECONOMY AND RENEWABLE ENERGY POLICY

Financing the green economy

GINTARĖ SKAISTĖ

Special presentation

Development potential of the solar energy industry chain

ŽYGMANTAS VAIČIŪNAS

Strategic discussion

Potential for financing the green economy and renewable energy in 2022

Participants GINTARĖ SKAISTĖ,

VILIUS JUZIKIS, MARIUS DUBNIKO-

VAS, MARTYNAS NAGEVIČIUS,

RUSLANAS SKLEPOVIČ,

ŽYGMANTAS VAIČIŪNAS

Moderated by RITA PAUKŠTĖ

17.35–18.50

SUMMARY SESSION

Special presentation

A green financial ecosystem: reality or utopia?

MANTVYDAS ŠTAREIKA

Special presentation

Energy independence in practice: what does it mean for the consumer and what is next?

ANDRIUS KAVALIAUSKAS

Summary discussion between business leaders

What green challenges will be most relevant for Lithuanian business and the state in 2022?

Participants VIDMANTAS

JANULEVIČIUS, VYTENIS KORYZNA,

ANDRIUS ROMANOVSKIS, DAINIUS

VILČINSKAS, DARIUS ŠILENSKIS

Moderated by EDUARDAS EIGIRDAS

BETA hall

10.05–12.30

GREEN TRANSPORT POLICY

How will the EU green policy transform the Lithuanian transport sector?

MARIUS SKUODIS

"The green evolution of maritime transport that we should start preparing for today"

ALGIS LATAKAS

Green transport in Lithuania: what opportunities does the Rail Baltica project offer?

MARIUS NARMONTAS

Aviation: a class bully or an intellectual outsider?

KRISTINA GREIČIŪTĖ

Discussion between political and business leaders

How will green policies change the transport ecosystem and what solutions and investments are a priority?

Participants MARIUS SKUODIS, MARIUS

NARMONTAS, KRISTINA GREIČIŪTĖ,

ALGIS LATAKAS, LINAS SKARDŽIUKAS

Moderated by EGIDIJUS SKRODENIS

12.30–13.30 PIETŲ PERTRAUKA

13.30–15.00

GREEN URBAN TRANSFORMATION

Data-driven solutions for the sustainability of construction and buildings: the Estonian experience

JUSTĖ PAČKAUSKAITĖ

Real estate business in the fight against climate change: should luxury real estate be green?

PAULIUS GEBRAUSKAS

„Transformation of Public Transport in the Age of Artificial Intelligence“

VIKTORIJA VOITECHOVIČ

Discussion between political leaders

What systematic solutions can help reduce pollution and increase the attractiveness of Vilnius as a place for living and working?

Participants REMIGIJUS ŠIMAŠIUS,

ARTŪRAS ZUOKAS, REMIGIJUS LAPINSKAS

Moderated by EGIDIJUS SKRODENIS

15.00–15.15 COFFEE BREAK

15.15–17.15

ELECTROMOBILITY

What are the most important solutions planned for the electromobility field in the EU and Lithuania?

AGNĖ VAICIUKEVIČIŪTĖ

The future is inevitable

LAURYNAS BOGUŠEVIČIUS

The chicken or the egg causality dilemma may have an answer: stations come first

NERIJUS ŠIAULYS

Discussion between political and business leaders

How to encourage business, society and the state to begin the era of electric cars when you are not as rich as Norway?

Participants AGNĖ VAICIUKEVIČIŪTĖ,

LAURYNAS BOGUŠEVIČIUS,

NERIJUS ŠIAULYS

Moderated by EGIDIJUS SKRODENIS

TGS BALTIC

Presented by

BOD GROUP

Presented by

CIVITTA

SCHEDULE

LAMBDA hall

10.05–12.30

GREEN TECHNOLOGIES FOR BUSINESS

Which green economy start-ups were the largest investments in 2021? AUDRIUS MILUKAS
Sustainability crossroads: changes that companies cannot ignore AUDRIUS RUTKAUSKAS

The world goes greentech: AgriFood ecosystem KRISTINA ŠERMUKŠNYTĖ-ALEŠIŪNIENĖ

Green solutions for business: to invest or to monitor, that is the question. HAROLDAS NAUSĖDA

Special presentation

Utilizing excess heat in the energy storage to meet the energy demand SAULIUS GUDŽIUS

Discussion between business and science leaders

Which technology development will have the biggest impact on business upon reducing pollution but increasing competitiveness?

Participants AUDRIUS MILUKAS, KRISTINA ŠERMUKŠNYTĖ-ALEŠIŪNIENĖ, HAROLDAS NAUSĖDA, SAULIUS GUDŽIUS
Moderated by ROMAS ŠVEDAS

12.30–13.30 LUNCH BREAK

13.30–14.30

INDUSTRY AND BUSINESS DECARBONISATION Part I

Energy transition towards Net Zero 2050 - how to reach there TATSURO WATANABE

Discussion

The end of the fossil fuel era? Decarbonisation challenges for climate neutral businesses. What is needed for a cost-effective and competitive transformation and how fast can it happen?

Participants TATSURO WATANABE, AUGUSTINAS RAZUMAS, JURGITA ŠILINSKAITĖ-VENSLOVIENĖ, NEMUNAS BIKNIUS, ELINA CHODZKAITĖ-BARAUSKIENĖ, VILIUS ŠEMETA

Moderated by RYTIS VALŪNAS

14.35–15.20

INDUSTRY AND BUSINESS DECARBONISATION Part II

Go green or go home: unlocking green potential in manufacturing JEVGENIJ POLONIS

Discussion

Will production also become META?

Participants JEVGENIJ POLONIS, (to be completed)
Moderated by (TBA)

15.20–15.35 COFFEE BREAK

15.35–17.25

AGRICULTURE SECTOR DECARBONISATION

Contribution to the planet can be profitable. Economics of the Future AUGUSTAS ALEŠIŪNAS

Discussion between political and business leaders

Agriculture decarbonisation: the value created by the carbon credit market

Participants KRISTINA SIMONAITYTĖ, DONATAS DAILIDĖ, SIGITAS RIMKEVIČIUS, GINTARAS BRAZAUSKAS

Moderated by ALEKSANDRA FEDOTOVA

THETA hall

10.05–12.30

VALUE OF LITHUANIAN FORESTS

Lithuanian woods: current challenges and future prospects DANAS AUGUTIS

„Let them be. Woods don't ask for food, do they?“ JUSTAS KAVECKAS

The success story of the biofuel exchange and the myths about the sustainability of biofuels?

ANDRIUS SMALIUKAS
Lithuanian woods: how to balance climate change, biodiversity and economic interests?

REMIGIJUS LAPINSKAS

Discussion between political and business leaders

What solutions would ensure the forest ecosystem development and the growing contribution to energy independence?

Participants DANAS AUGUTIS, REMIGIJUS LAPINSKAS, ANDRIUS SMALIUKAS, JUSTAS KAVECKAS
Moderated by VILMA BATURO

12.30–13.30 LUNCH BREAK

13.30–15.00

HEATING SECTOR: SESSION ON DEVELOPMENT

Transformation of central heating: government priorities INGA ŽILIENTĖ

The biggest challenges facing Lithuanian district heating system: modernisation and degaspromisation GERIMANTAS BAKANAS

Discussion

What new opportunities do technology and the regulatory environment offer district heating?

Participants INGA ŽILIENTĖ, GERIMANTAS BAKANAS, RENATAS POCIUS

Moderated by VILMA BATURO

ZETA hall

10.05–11.25

SESSION ON DEMOCRACY UNITY

Special presentation

Building Back Better for a Greener Future BRIAN OLLEY

Ambassadors' discussion

What could democratic countries do on their own and what should they try to do together to bring the world closer to a green future?

Participants BRIAN OLLEY, HANS BRASK, KAI KAARELSON, OLE TERJE HORPESTAD, ROBERT S. GILCHRIST

Moderated by RUSLANAS IRŽIKEVIČIUS

11.25–11.40 COFFEE BREAK

11.40–12.30

THE PRICE OF GREEN FUTURE

Economists' Discussion

What factors will shape energy prices in 2030 and which democratic policies will reduce them?

Participants MARIUS DUBNIKOVAS, NERIJUS MAČIULIS, ŽYGIMANTAS MAURICAS, TADAS POVILAUŠKAS
Moderated by EDUARDAS EIGIRDAS

12.30–13.30 LUNCH BREAK

13.30–15:00

SESSION ON DEMOCRACIES AND SECURITY

Discussion

Is the European Union's energy policy strengthening democracies and creating a secure future for Europe and humanity?

Participants PETRAS AUŠTREVICIUS, ALBINAS JANUŠKA, LUKAS SAVICKAS, REINHARD BÜTIKOFER, RALF FÜCKS

Moderated by ŽYGIMANTAS PAVILIONIS
